## Satin Matt PS Laminate

### Features

- ❖ 75 micron Satin Matt, clear PVC film with pressure sensitive adhesive.
  - ❖ Permanent pressure sensitive acrylic adhesive.
  - ❖ UV and Blanch resistant adhesive.
  - ❖ 72 gsm siliconised, PE coated, moisture resistant release liner.
  - ❖ Satin or lustre finish to enhance the contrast of an image whilst reducing glare of Photographic, Inkjet and other paper based prints.
- 

### Technical Data

- ❖ 72 gsm PE coated siliconised polyester release liner.
  - ❖ 25 micron permanent, pressure sensitive, optically clear, UV resistant acrylic adhesive.
  - ❖ 50 micron satin matt, clear, PVC film.
  - ❖ Outdoor life over 2 years depending on climate.
  - ❖ Will double life of print as a minimum.
- 

### Availability

- ❖ 648mm, 1040mm, 1300mm, 1530mm x 50m and 100m. 25m rolls available on special request.
- ❖ All rolls on 3" (76mm) core.

Material is ideally stored upright, free from moisture and excessive UV exposure. The above mentioned data is true at time of creation, however due to the developing nature of the components, suitability must be checked before commencing the planned application. We assume no liability or consequential loss. April 2011
